HVGS Elite Athlete Program

Sport has been an integral part of the student experience at HVGS since foundation. Juggling sporting commitments and academic studies for elite athletes is very challenging and this program will provide the necessary support and assistance for athletes to do this at HVGS and succeed at the highest level in their chosen sport.

AIMS

- Provide excellent support and services to elite athletes to assist them in their concurrent pursuit of academic and sporting goals.
- Encourage elite athletes to achieve outstanding academic results to facilitate an alternative vocation after their sporting career has finished.
- Assist in the promotion and development of HVGS sports through the attraction of elite athletes.

BENEFITS & SERVICES

As members of the Elite Athlete Program, HVGS Scholarship holders may receive:

- **Financial Assistance**
The Elite Athlete Program takes the form of a Scholarship providing a remission in School fees from 25%, 50% or 75%, depending on outcome.
- **International Travel Grants**
May be provided to student athletes who are selected in a team that requires travel interstate or overseas for competition. Grants of up to \$500 subject to assessment of need/merit may be applied for.
- **Customised Academic Program**
An Individual Learning Plan (ILP) that provides opportunity for flexibility to meet the commitments of sport and curriculum will be created. The ILP will be developed in collaboration with the Director of Teaching and Learning, Students Services and the relevant Head of Year.
- **Academic Representation and Counselling**
A School based Mentor will be appointed to provide support, advice and guidance to HVGS Scholarship holders to assist them with balancing their study and sport commitments.
- **Tutoring**
Tutoring across a broad range of subjects is available. This service is useful for students who are having difficulties with understanding unit of study content or have missed school due to sporting commitments.
- **Specialist services**
Access to specialist support services and external coaching, and possibly dieticians, sports psychology and strength and conditioning.
- **Workshops and Seminars**
Provisions to access workshops and seminars are available for student athletes to attend to assist with their personal and professional development. Topics can range from sports psychology and leadership, to exam preparation and effective essay writing techniques.
